Integra™
MLX Surgical Headlight System

Limit uncertainty with maximum light to visualize critical anatomy
The whitest and brightest Xenon light from Integra

15% brighter

True 1000 hour warranty on Xenon lamp (not pro-rated)

New Smart Fan technology runs quieter and cooler
- Temperature-sensing feature adjusts Smart Fan speed to compensate for operating room air temperature
- Cooler running extends lamp life

MLX lamp stays brighter longer than standard 300W lamps*

1 – Stand-by Button
- Eliminates “stray” light when headlight is unplugged
- Saves lamp hours by automatically shutting off lamp after 15 minutes in “stand by” mode

2 – LCD Screen
- Displays lamp and system hours as well as system diagnostics

3 – Membrane Activation Switch
- Digitally controls light intensity in accurate 5% increments
- Activates display of system status

* Data on file at Integra
**UltraLite® Pro – Maximum Comfort**

1 – Occipital Basket
- Balances and distributes the weight of the headlight and reduces neck strain

2 – Cranial Support Pad
- Stabilizes the headlight

3 – Adjustable Headband
- Provides perfect sizing without temporal compression

**Maximum Headlight Performance**

**Superior optics**
- Optimized light output*
- Superior color fidelity

**Enhanced Design**
- New, lighter design
- 3-Point Support System for comfortable stability
- Extended linkage for better vertical alignment with surgical loupes

**UltraLite® Premium Headlight Cable**

- Lightweight and flexible 3mm cable
- Bifurcated design allows even weight distribution and balance
- Translucent outer sheath provides visualization of fiber integrity
- Lifetime Warranty Against Browning
