Titan™ Shoulder System

SURGEON VISITATION PROGRAM

INTEGRA
LIMIT UNCERTAINTY
Integra - Surgeon Visitation Program

The Integra Surgeon Visitation Program provides orthopedic surgeons the opportunity to have one-on-one meetings with the Titan Shoulder System design team. This specialized program will be held at some of the most renowned practices and facilities in the country. These personalized sessions allow for physicians to see up close and in person how the Titan Shoulder System’s innovative design features allow for crucial intraoperative flexibility and clinical outcomes.

Surgeon Visitation Program Agenda

Day 1
• Arrival
• Physician to Physician Dinner
• Introductions
• Integra Shoulder Portfolio Review with Product Samples

Day 2
• Site Hospital
• Integra Shoulder Portfolio Design Rationale Discussions/Presentation
• Surgical Case Pre-op Planning
• Surgical Case Observations
• Surgical Case Review & Discussion
• Departure

Case Observations may include:
• Total Shoulder Arthroplasty
• Reverse Shoulder Arthroplasty
• Conversion from Hemiarthroplasty or Total Shoulder Arthroplasty to Reverse Shoulder Arthroplasty
• Hemiarthroplasty for Proximal Humerus Fracture
• ORIF for Proximal Humerus Fracture

Travel arrangements to be coordinated through Integra Lifesciences. Payments made and expenses reimbursed associated with this activity may be disclosed by Integra to third parties voluntarily or as required by law or regulation.
